Education

Parul University

B.Tech in Computer Science

Sep. 2022 – May 2026

Vadodara, Gujarat

Experience

CodSoft

Python Full Stack Intern

May 2025 – June 2025

Remote

- Engineered and deployed web applications with Django and Flask, integrating responsive frontend interfaces and robust backend logic.
- Designed and optimized RESTful APIs, ensuring seamless data exchange between frontend and backend components.
- Strengthened expertise in Python, JavaScript, HTML/CSS, and full-stack API development.

Ping Digital Broadcast Pvt. Ltd.

Google Student Ambassador

Aug 2025 – Present

Remote

- Represented Google through Ping Digital Broadcast by promoting Google technologies, programs, and initiatives at the university level.
- Organized events, workshops, and hackathons to drive awareness and adoption of Google tools and platforms.

Projects

resumeX – AI Resume Parser | *Python, Django, React, spaCy, Regex*

GitHub

- Designed an **AI-driven parser** using spaCy NER and regex to extract skills, education, and work history from PDF resumes.
- Created a **resume evaluation engine** that scores keyword relevance, skill alignment, and document structure.
- Deployed a Django REST API with React UI, demonstrating scalable full-stack development and delivery.

SnapHire – Freelance Booking Platform | *MERN Stack*

GitHub

- Built a MERN-stack platform connecting clients with photographers and reel makers through seamless bookings.
- Implemented **real-time scheduling, encrypted payments, and authentication modules** to enhance platform security and usability.
- Optimized the freelance marketplace by solving issues of **portfolio visibility, workflow efficiency, and financial transparency**.

College Prediction for TS EAMCET | *Python, Pandas, Scikit-learn, Streamlit*

Live

- Analyzed and preprocessed **50,000+ cutoff records** to design machine learning models for rank-based admissions.
- Applied classification and clustering techniques in Scikit-learn, achieving high prediction accuracy and reliability.
- Deployed an interactive **Streamlit dashboard** enabling real-time college recommendations and user-friendly exploration.

Technical Skills

Languages: Python, Java, C, SQL, JavaScript, HTML, CSS

Machine Learning & Data Analysis: Scikit-learn, Pandas, NumPy, Matplotlib, spaCy, NLTK

Web Development: Django, Flask, Node.js, Express.js, React, Streamlit, REST APIs, MongoDB, PostgreSQL

Tools & DevOps: Git, Linux, Google Cloud Platform

Core: Full-Stack Development, Machine Learning Model Deployment, Data Analysis, and Visualization

Certifications and Achievements

Apple Certified Teacher

Apple Inc.

Postman Student Expert

Postman Academy

Felicity 2025 Hackathon Participant

IIT Hyderabad
